CULTURAL COMPETENCY FOR GREATER IMPACT

Brigette Rouson, J.D., M.A.

DEMOGRAPHICS

The United States Is Getting Bigger. U.S. population growth of 100 million is projected; factors include more births, people living longer, and higher net immigration.

The U.S. Is Getting Older. Rapid aging of the population – with emphasis on women, openly LGBT, and more people of color – continues, as younger adults face record debt and unemployment.

The U.S. Is Becoming More Racially and Ethnically Diverse, reflecting immigration, and changing both the size and the age structure of the U.S. population. Growing LGBTQ visibility and increasing marriage equality also are part of rapid cultural shifts. Transgender inclusion – and transphobia – are growing in public life, workplaces, personal life.

Suburbanization and center-city gentrification continue as competing influences. Suburbanization and so-called “smart sprawl” continue in many metropolitan centers, in a

QUICK FACT: Kansas had 3 of the top 10 Midwestern counties for Hispanic population growth in the 1990s, but just 1 of 10 top counties since 2000.

STANDARDS

CLAS STANDARDS
National standards for culturally and linguistically appropriate services (CLAS) in health care
- By HHS Office of Minority Health (2001, enhanced 2013) covering health delivery of institutions receiving federal funding
- Providing guidelines on policies and practices aimed at developing culturally appropriate systems of care

CLAS standards
- Culturally Competent Care (Standards 1-3)
- Language Access Services (Standards 4-7)
- Organizational Supports for Cultural Competence (Standards 8-14)
CLAS STANDARDS (Selected)

CLAS Principal Standard
1. Provide effective, equitable, understandable and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy and other communication needs.

Governance, Leadership and Workforce
2. Advance and sustain organizational governance and leadership that promotes CLAS and health equity through policy, practices and allocated resources.
4. Educate and train governance, leadership and workforce in culturally and linguistically appropriate policies and practices on an ongoing basis.

Communication and Language Assistance
5. Offer language assistance to individuals who have limited English proficiency and/or other communication needs, at no cost to them, to facilitate timely access to all services.

Engagement, Continuous Improvement and Accountability
9. Establish culturally and linguistically appropriate goals, policies and management accountability, and infuse them throughout the organization's planning and operations.
13. Partner with the community to design, implement and evaluate policies, practices and services to ensure cultural and linguistic appropriateness.
15. Communicate the organization's progress in implementing and sustaining CLAS to all stakeholders, constituents and the general public.

Standards for Cultural Competence in Social Work Practice (Selected)

Self-Awareness: Seek to develop an understanding of their own personal, cultural values and beliefs as one way of appreciating the importance of multicultural identities in the lives of people.

Cross-Cultural Knowledge: Have and continue to develop specialized knowledge and understanding about the history, traditions, values, family systems, and artistic expressions of major client groups that they serve.

Empowerment and Advocacy: Be aware of the effect of social policies and programs on diverse client populations, advocating for and with clients whenever appropriate.
CULTURAL COMPETENCY

A nonprofit’s leadership should ensure that the organization has a policy, plan, or strategies in place that enable the organization to effectively serve and interact with people equitably across different cultures and backgrounds.

Principle: Continuously seek to develop and improve understanding of cultural competency and apply that learning to all processes of capacity building.

Practice: Be cognizant of the cultural dimensions of work and the relationship between their own cultural identity and that of clients and communities. Capacity builders shall continually seek to achieve a high level of competency through self-awareness, learning, and building a diverse network of colleagues and partners.
